## ASSEMBLY INSTRUCTIONS OVER BED TABLE HMP-S207

1.

Remove the contents of the box and lay out the pieces (Figure 1 and Figure 2).

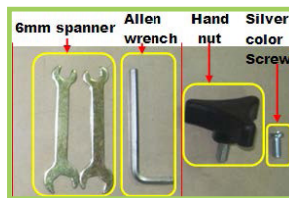

Figure 1

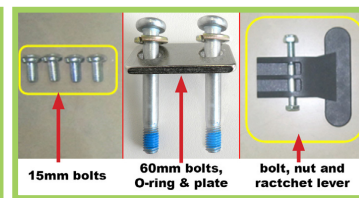

Figure 2

2.

Fit the base to the bottom of the mast with the split O ring/washer between the plate and the bolt head (60mm), tighten with Allen Wrench (Figure 3).

Figure 3

3.

Assembling the table top to the mast (Figure 4).

3.1 Unscrew the bolt, nut and ratchet lever.

3.2 Slide the table into mast (Figure 5).

3.3 Assemble table to mast by using 4 bolts (15mm) with Allen Wrench (Figure 6).

3.4 Re-assemble bolt, nut and ratchet lever to the mast (Figure 7).

Figure 4

Figure 5

Figure 6

Figure 7

4.

Remove the black locking screw of the mast and replace with silver color screw (Figure 8). Operating Instructions. Please ensure that the hand nut (figure 11) is loose before altering table top height.

Figure 8

Figure 11

5.

(Figure 9) shows the table fully assembled. The table height can be adjusted by raising the ratchet lever and lifting the table top at the same time, when desired height is reached release ratchet lever (Figure 10). To lower table top raise the ratchet lever and push down on the table top.

Figure 9

Figure 10

6.

To allow free movement of Table top up or down loosen hand nut (Figure 11). When the table top is at a suitable height, tighten hand nut (Figure 11).
